SATURDAY JUNE 15

Minus

Bluegrass

The Minus II Bluegrass Band hales from various points of the compass including Louisiana and Southeast Texas. The emphasis is on traditional and progressive bluegrass and bluegrass gospel music with the occasional Americana or Western "Swing Grass" tune thrown in for fun.

The group derived its name from often being short two lead musicians in the early days along with playing songs with a flatted seven chord in them. The Minus II Bluegrass band always looks forward to playing festivals, church functions and jamming around the campfire.
