

Inflation, savings and wisdom

By John M, original 09/17/2022 with minor update now

From people perspective

People keep money in bank's custody. Generally, an interest rate is fixed with inflation in mind so when people receive their money back, they are not worse off. People can also allow their money to be locked up by bank for a certain period of time for better return. In any case, people are not worse off. Based on how long the banks get to keep people's money, bank can decide to invest in gold, or in land, or in any other investments to profit out. Bank's profit is not out from swindling people's money (as the bank also charges fees for safekeeping people's money) but from the value add in investments in productive activities. All is fair so far. But if there should be a sudden spike in inflation, the savings money could lose value. Therefore, it becomes the bounden duty of the government to keep the inflation under control. Unless that inflation is due to some force majeure (act of God - natural and not induced)!

So things involved here – people, bank, savings money, interest, investment in real asset (gold, land) or investment in speculative assets (stock etc), businesses, inflation, government, laws, regulations, etc.

From system perspective

Currency value is based on labor potential, market etc (intangible assets), and not based on gold and silver (tangible assets). For a healthy currency, a healthy labor/market etc is a requisite.

Imagine everybody works and earns in excess and does not work later on, obviously it upsets the market and economy. People might not buy as much as they would like before. It's people choice! With now less demand and more supply, one would expect the price to go down. So, who is supposed to go down? The market and the businesses! But they won't!

Instead, the loss is transferred on currency in circulation (and not just on the future currency), and thereby on people who have savings in currency! Say, 1 lb banana worth \$0.35 is now costing 3 cents more with 8% inflation. A pick-pocketing in essence! Hence my proposal for currency versioning to deal with it if that is feasible. Keep in mind, when backed up by gold and silver, the currency has the same value as gold and silver.

This market and economy loss is also transferred on people by price increase instead of it driving the businesses to go out of business! Say, 1 lb banana worth \$0.35 is now costing \$0.59, much more than the 8% inflation rate! A rip-off in essence!

This transfer of burden on people is only possible when control over essential commodities/things, and thus on the price, could be exercised and people be made dependent. In what way attempting to revive the market and economy at people's expense when nature had no involvement in this! Anticipating all this, what prevents banks to invest in gold, silver, land etc and to profit out without any risk? Why can't all these be staged to simply profit out at people's expense?!

I'm sure economic policies are made with numerous factors/things in mind, but is an impact like the above justified, no!

A conflict against God's wisdom?!

Regardless of one's background, I'd assume, most people would agree King Solomon was the wisest person ever lived on the earth! Per Bible, an unrivaled wisdom was what God endowed Solomon with.

1 Kings 3:12

Behold, I have done according to thy words: lo, I have given thee a wise and an understanding heart; so that there was none like thee before thee, neither after thee shall any arise like unto thee.

And what is this wisdom? One of that is about savings for the rainy day!

Proverbs 30:24,25

²⁴ There be four things which are little upon the earth, but they are exceeding wise:

²⁵ The ants are a people not strong, yet they prepare their meat in the summer;

Proverbs 6:6-8

⁶ Go to the ant, thou sluggard; consider her ways, and be wise:

⁷ Which having no guide, overseer, or ruler,

⁸ Provideth her meat in the summer, and gathereth her food in the harvest.

Now, is Solomon made less wise when a laborer's savings could be touched this way, systemically, and the laborer be made a fool? Is God made a liar?

Nope. God only establishes Solomon's wise saying by means of the thoughts shared here. See for yourselves who/what is wise after this exposé! A greater wisdom is only in Christ!

Matthew 12:42

⁴² The queen of the south shall rise up in the judgment with this generation, and shall condemn it: for she came from the uttermost parts of the earth to hear the wisdom of Solomon; and, behold, a greater than Solomon (Jesus) is here.

1 Corinthians 1:30

³⁰ But of him are ye in Christ Jesus, who of God is made unto us wisdom,

The question

Imagine the total loss due to this scam (sum of all people's savings money multiplied by true inflation %, plus excess money people are paying to buy essential and other commodities)! We have heard about bank robbery. Unless addressed, what robbery is this – bankers, businesses, or who else's??

The right thing!

So, be wise and bring inflation down to normal! ☺

The below portion is added and is not publicly shared as of this writing.

More scriptures and revelation

As you all can see, inflation is now made out to be a scam. So, stop the scam or fight against God.

Acts 5:38,39

³⁸ *...: for if this counsel or this work be of men, it will come to nought:*

³⁹ *But if it be of God, ye cannot overthrow it; lest haply ye be found even to fight against God.*

Understand who God is! But with God, there is pardon. To receive the promises of God, come to New Jerusalem (not to the lost/fake church) and hear him who speaks from heaven!

Isaiah 44:25,26

²⁵ *(God) That frustrateth the tokens of the liars, and maketh diviners mad; that turneth wise men backward, and maketh their knowledge foolish;*

²⁶ *That confirmeth the word of his servant, and performeth the counsel of his messengers; that saith to Jerusalem, Thou shalt be inhabited; and to the cities of Judah, Ye shall be built, and I will raise up the decayed places thereof:*

This is an example where God does not save with sword and spear. (Also no million-men march, 40 days fasting, praying circling around capitol buildings etc.)

1 Samuel 17:47

⁴⁷ *And all this assembly shall know that the Lord saveth not with sword and spear: for the battle is the Lord's, and he will give you into our hands.*

In Isaiah we read, God uses his anointed to subdue nations before him.

Isaiah 45:1-3

Thus saith the Lord to his anointed, to Cyrus, whose right hand I have holden, to subdue nations before him; and I will loose the loins of kings, to open before him the two leaved gates; and the gates shall not be shut;

² *I will go before thee, and make the crooked places straight: I will break in pieces the gates of brass, and cut in sunder the bars of iron:*

³ *And I will give thee the treasures of darkness, and hidden riches of secret places, that thou mayest know that I, the Lord, which call thee by thy name, am the God of Israel.*

etc. etc.

The Climax

A mega scam has been unearthed now! What would be a reasonable ask as a commission for this catch - 0.00001%?? Even that would make the worldly gods jealous! If I'm paid thus, it would make my net worth go way more than the rich man on this planet! ☺

Can the below bolded scriptures be understood unless for revelation like this? How could someone be as unknown, and yet well known?? How could someone be as poor and yet making many rich? How

could someone be as having nothing and yet possessing all things? But you see all those are happening and being understood in this expose!

II Corinthians 6:9,10

⁹ **As unknown, and yet well known**; as dying, and, behold, we live; as chastened, and not killed;

¹⁰ As sorrowful, yet alway rejoicing; **as poor, yet making many rich; as having nothing, and yet possessing all things.**

In my place there is a saying – one bites sheep first, bites cows next and then comes to bite men! I believe God could not tolerate it when it went beyond a point to make God look like a fool!
